(This Pass not transferable except to another man with money.)

**FIGURES DON'T LIE I-I?**

An Irishman working for a Dutchman asked for an increase in pay. The Dutchman replied: "If you are worth it I would be pleased to give it to you. Now, let us see what you do in a year, Pat. We have 365 days in a year; you sleep 8 hours every day, which makes 122 days you sleep. Taken from 365 days, leaves 243. Now you have 8 hours recreation each day which makes 122 days, taken from 243 days, leaves 121 days. We have 52 Sundays in a year which you have off, leaving you 69 days. You have 14 days vacation and you don't work Saturday afternoons which makes 40 days. Take this off and you have 29 days left. Now Pat, you allow 1½ hours for meals, which totals 28 days. Take this off and you have 1 day left. I always give you St. Patrick's Day off, so I ask you, Pat, are you entitled to a raise?"

**CAN YOU FIGURE IT OUT?**  
Prizes Given For Every Correct Solution

If it takes a woodpecker with a rubber bill a month and 13 days to peck a hole through a cypress log that is large enough to make 103 shingles, and it takes 250 shingles to make a bundle worth 93 cents; how long will it take a cross-eyed --shopper with a cork leg to kick the seeds out of a dill pickle?
