A store of which **Petoskey** may feel justly proud is that of **Levinson's**, which occupies the entire building at **325-327 Lake Street** and is complete in every detail. This store was established over twenty years ago by **Mr. J. H. Levinson** who retired from business and was succeeded by his son, **D. Charles Levinson**, about twelve years ago.

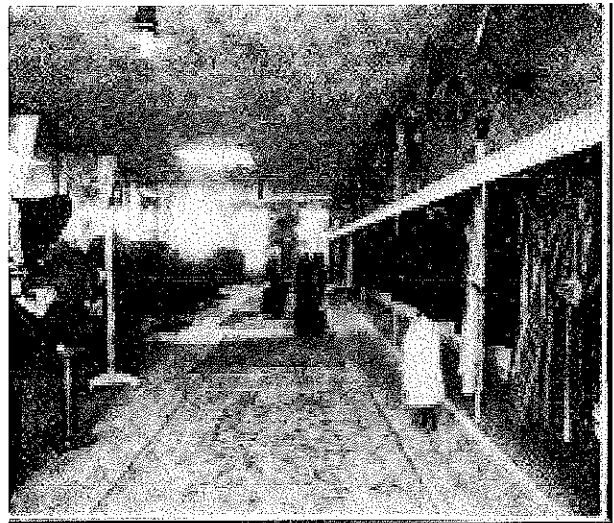

The young man is very popular in the business and social circles of this city and well merits the success that he has attained.

On the first floor are located the dry goods, clothing and shoe departments. In the dry goods line this store is equal to that of any other in **Northern Michigan**. The clothing department known to all as the "**Home of Hart, Schaffner and Marx Clothes**" can equip one with a complete and up-to-the-minute outfit from a Stetson or Mallony cravenette hat to anything in hosiery and the shoe department for men carries a stock of the famous Hannan and Nettleton shoes. As for ladies shoes, they handle the Queen Quality known the world over as unequalled.

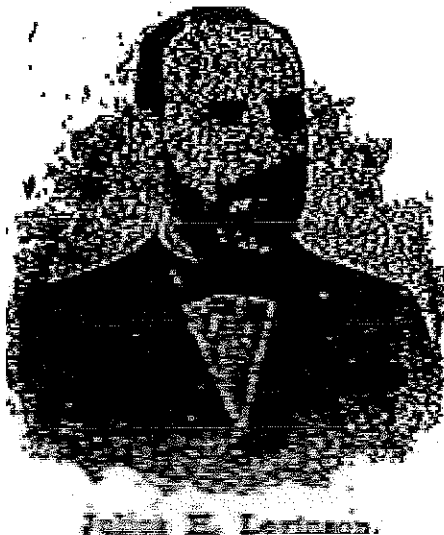

On the second floor we find a fine assortment of ladies cloaks and suits, a good many of which are the "Redfern" and "La Vogue" brands. Also the millinery and trunk and valise departments are located on this floor and both come up to the general standard of excellence. You will be amply repaid for your time spent here by the saving made on your purchases at Levinson's.
